EVERETT — A Days Inn at [1602 S.E. Everett Mall Way](#) sold last week for just over \$9.9 million, according to Snohomish County records. The buyer was the county, in the second such deal last week.

The motel will be used to help folks transition out of homelessness.

The seller was Harman Investment Group, which acquired the property in 2016 for over \$5.3 million.

Brokers were not announced. The deal was worth about \$130,681 per room. The pending sale was announced in August, along with the county's over \$8 million purchase of America's Best Value Inn in Edmonds

Developed in 1968, the motel has 76 rooms in two two-story structures. It's on the north end of Everett Mall complex, just west of Interstate 5.
